EDUCATION

Colorado State University

Fort Collins, CO

Bachelor of Science in Computer Science, Minor in Spanish

June 2016 – May 2020

- Offered academic assistance, language support, and cultural integration advice to newly arrived high school students from Spanish-speaking countries through CSU's volunteering program "Triunfo".

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML/CSS, Typescript, C++

Frameworks: React, Node.js, Google Firebase, Agile, Scrum, Kanban

Developer Tools: Git, Trello, TravisCI, VS Code, Eclipse

PROJECTS

React Tracker | *React, Firebase, Git, HTML, CSS*

July 2023

- Developed a full-stack web application using React.js and Google Firebase for user authentication and data storage.
- Implemented user account creation and login functionalities using Firebase Authentication.
- Used asynchronous programming to handle real-time updates and data synchronization.
- Handled version control with Git and Github's Project tables to keep track of issues.

Personal Website — www.adansoto.me | *HTML, Javascript, CSS*

September 2023

- Designed and implemented a user-friendly and responsive front-end interface, ensuring optimal viewing on various devices and screen sizes.
- Utilized HTML5 and CSS3 to create a modern and visually appealing design that reflects my brand and style.
- Implemented interactive features and animations using JavaScript to enhance user engagement and create a dynamic user experience.

EXPERIENCE

Field Supervisor

October 2023 – Present

Heibar

Denver, CO

- Managed residential construction projects, ensuring code-compliant and timely delivery of framing, siding, roofing, and window installations using crucial problem-solving skills to keep projects moving.
- Led over 10 different trades at six job sites while following and coordinating with the client's schedule.
- Efficiently communicated with office staff, trades, and clients, ensuring clear and thorough expectations during the construction process.
- Coordinated material deliveries, city inspections, and quality control inspections for project success.
- Built strong relationships with trades, customers, and staff, promoting a respectful and comfortable environment.
- Tracked and scheduled warranty work, ensuring timely completion while identifying and communicating common product failures and how to avoid them.

Operations Manager

May 2017 – September 2023

SV Window Services LLC

Platteville, CO

- Successfully led and oversaw a team of 10 employees, coordinating window installations at numerous residential and commercial sites across the Denver metro area.
- Demonstrated strong project planning and execution abilities, ensuring timely completion of installations and adherence to quality standards.
- Efficiently managed resources, including personnel, time, and budget, to maximize productivity and meet project goals.
- Established and nurtured strong client relationships by maintaining open lines of communication, promptly addressing concerns, and proactively seeking feedback to ensure client satisfaction.
- Acted as a mediator in resolving conflicts and disputes among team members, promoting a harmonious work environment and minimizing disruptions to operations.
